# THE NATURE CAMP FOUNDATION 2020 ANNUAL REPORT

## The Year in Review

2020 was one of the most unusual and heartbreaking years we have ever experienced. There were no Nature Camp Foundation sponsored events - no Service Weekends, no Reunion and no Fall Hike Day. Nature Camp, Inc. was faced with making the very difficult decision to not hold in-person summer camp sessions for both youth and adults. We mourned the passing of beloved Nature Camper and NCI VP Joe Garvin and our hearts are with all of you who have experienced loss in its many forms this past year. As boards we learned to Zoom and conduct just about all our business online. We learned that even though we deeply missed the time together as a community working, hugging, laughing, and singing, we could still maintain our sense of connection and work towards our shared common goal – supporting Nature Camp and the missions of both NCF and NCI.

The Nature Camp Foundation experienced another year of strong donor support. We are continually humbled by the generosity of our Nature Camp family. Our continued ability to support the mission of Camp and provide much needed financial support in many areas is due to the unwavering support of all of you – campers, staff, alumni, volunteers, garden clubs, foundations and other community organizations. And especially this year. Nature Camp, even though it was not possible to hold typical Camp sessions, invoked that Nature Camp magic and in a very short amount of time and with a huge creative effort by the talented staff, was able to put together a virtual Camp experience for all enrolled campers. As the mother of two of those campers, it was such a gift to have that experience during a time of so many lost connections for our kids. That was the silver lining, but without campers on site, the expenses of maintaining facilities and general operations still exists. And there was also the renovation of the Education Building that was ongoing throughout the year – so the loss of tuition put Camp in a tenuous financial situation. Through your support to the NCF, we were able and will continue to provide much needed assistance to Nature Camp, even in the midst of a pandemic.

The Education Building Capital Campaign – “Building on Tradition” was brought to a close at the end of 2020 with 64% of our \$300,000 goal reached. Due to the amazing work by contractor L.G. Flint, Inc the project came in well below the 300K estimate, thus what we raised was just enough to fund the project in full. I have visited Camp and seen the building first hand and can say that the space is wonderful, and somehow even looks more like Camp than it did before. I hope you all will soon be able to visit and experience the new space. We are excited to see how staff will be able to create displays in the Museum to support their curriculum, make use of the newly opened space in the Lab and Museum for classes, and how campers will make use of all the new features to enhance their educational experience. Thank you for making this a reality.

In 2020 your support exceeded the annual fund goal set by the NCF. These funds allowed us to support Nature Camp in these key areas for 2020:

- Capital improvements around Camp – specifically the new Girls T-house septic system (\$19,000)

# THE NATURE CAMP FOUNDATION 2020 ANNUAL REPORT

- Small Service projects - materials and expenses (\$1400)
- Funding for completion of the Education Building Renovations (\$127,300)
- Investment of \$20,204 into our scholarship funds

In 2020, the Nature Camp Foundation worked to streamline and cleanup our constituent management system, eTapestry, which continues to provide a greater functionality to facilitate staying in touch with members of the Nature Camp community, and to allow us to track and acknowledge donations and in-kind service. We implemented an integrated Merchant Services module that now allows us to more easily accept, track, and acknowledge online donations. This new system has been in place since July 2020 and we have seen a marked increase in online giving. We hope this is a system that you are finding easy and intuitive.

The NCF is in strong financial shape, ending 2020 with net assets of \$1,155,118. Our investments followed the market, experiencing gains in 2020. At year end, the Legacy Account, a fund supporting the long-term operation and mission of Nature Camp, held \$692,469. Our scholarship accounts, which provide a long-term source of financial assistance to campers, were valued as follows: The Gus Deeds Scholarship Account at \$61,328, the Stuart Craig Scholarship Account at \$26,877, the Emma Nicholas Scholarship Account at \$11,887, and the NCF Scholarship Account at \$197,947. And we ended the year with \$132,518 in operating funds. We are in good position to aid Camp moving forward in 2021 as capital improvements (specifically the replacement of the kitchen floor) and the financial impacts of the pandemic continue.

Nature Camp continues to be blessed with dedicated and strong volunteer leadership on both the NCF and NCI Boards. During 2020 those NCF community members that stepped in to fill vacancies on the board have been invaluable to completing numerous tasks. We offered a slate of officers in our recent election. Sarah Hulcher was re-elected for a second full term as Vice-president. Sharon Keith was appointed to her first full term as our Communications Chair, Amy Gonzalez was appointed to her first full term as Development Chair, and Elizabeth Knapp was appointed to her second term as Finance Chair. As always, we must recognize the continuing and invaluable contributions of the members of the Nature Camp, Inc. board and of Philip Coulling, the Executive Director of Nature Camp and Ventry Smith, Nature Camp Caretaker. Ben Rottenborn stepped in to fill the role of VP for NCI and they welcomed Jerry Trammell as their new Treasurer. These folks, especially this past year, went above and beyond giving so much to assure the continued viability of Nature Camp now and well into the future. It is their leadership that sustains the wonderful tradition of the Nature Camp experience.

Respectfully,  
Nell Fredericksen  
President, Nature Camp Foundation
